

# Stella Octangula

Hedgehog Mathematical Sheets

1. If you want to colour, do that first – do NOT colour the tabs!
2. Cut out the net – ensure you go around the tabs!
3. Cut in along the four bold lines marked with arrows.
4. Fold **dotted** lines **inwards** (valley fold).
5. Fold **solid** lines **outwards** (mountain fold).
6. Check you have done EVERY fold.
7. Make and glue into a series of **triangular** pyramids.
8. Ensure you are **NOT** making **square-based** pyramids
9. You must test the next shape ahead each time.
10. Good luck!

Valley Fold

Mountain Fold
